<b>NAME:</b>	Steve Kerr	<b>DATE:</b>	March 7, 2012
<b>WITH:</b>	Analeah Leon Guerrero, San Bernardino County Sheriff Department		
<b>SUBJECT:</b>	San Bernardino Co. Sherriff contact		
<b>TIME:</b>	3:30 pm		

I called the San Bernardino County Sheriff's office in Barstow to get a sense of how frequently they are contacted to respond to incidents at the nearby existing solar facilities in their jurisdiction (Kramer Junction, Daggett, and Dry Lake SEGS). I also asked if they had received any calls thus far to the Ivanpah Solar Electric Generating System project construction site, which is currently under construction and also within their jurisdiction.

I spoke with Sheriff Custody Assistant, Analeah Leon Guerrero, who spent several days researching Sheriff's call log records back through 2006. She did not find any records of incidents requiring Sheriff's staff response to any of the four facilities.
